## THE FINANCIAL PLANNING PROCESS

Every client's needs and objectives are unique, therefore CHPW develops an investment plan that is tailored specifically for each client and attempts to meet individual client goals and objectives. Strategies implemented will be within the risk parameters you have previously outlined to us.

When the plan is complete, it will be formally presented to you and will outline any recommended strategies and explain how they will assist in meeting your short and long term goals and objectives. The plan will also clarify any significant risks of investment strategies recommended and include information concerning any fees, commissions and other benefits your Financial Adviser may receive for implementing the investments.

Once you agree to proceed with the recommendations made in the plan, your Financial Adviser will assist you with the completion of all necessary documentation and the purchase of investments. The investment details will then be entered into the CHPW database to enable us to review the progress of your portfolio.

# RECEIVING OUR ADVICE

## Receiving Our Advice

### WHEN YOU SHOULD RECEIVE YOUR STATEMENT OF ADVICE

Your Financial Adviser may meet with you several times to discuss possible investment options before finalising their recommendations.

General discussions should not be considered as advice and you should not rely solely on information given to you in discussions. You should only rely on advice documented to you in a Statement of Advice (SoA) and explained to you by your Financial Adviser.

You should take the time to read and understand all Statements of Advice given to you before signing or acting on them. In some circumstances, you may not receive a SoA, for example:

- General advice – such as advice provided in seminars or through newsletters which will not have considered your personal circumstances and will not be documented in a SoA.
- Further advice - where you have previously received advice documented in a SoA, any further advice which is not significantly different to the initial advice, will be recorded in a Record of Further Advice which you can request from your Financial Adviser.
- We will keep a copy of the further advice that we provide. You can request a copy of the advice at any time using our contact details in this FSG.

### TAILORING OUR ADVICE TO YOUR NEEDS AND FINANCIAL SITUATION

Our advice will be tailored so it is suitable for your needs and financial situation, but in order to do so CHPW needs to find out your individual objectives, financial situation and needs before we recommend any financial products or services to you.

You have the right not to divulge this information to us, if you do not wish to do so.

**Important warning: You may decide to limit the scope of the advice provided by CHPW, if you only want advice on specific areas or because you want to reduce the cost of receiving advice. If you do this you should understand that your Financial Adviser will not consider your full needs, objectives and circumstances when making recommendations.**

### UNDERSTANDING THE RISKS OF PRODUCTS AND STRATEGIES WE RECOMMEND

We will explain to you any significant risks of financial products and strategies which we recommend to you. If we do not do so, you should ask us to explain these risks to you.
